3/23 positive regulation of cell-cell adhesion	
3/33 regulation of cell activation	p < 1e-05
2/8 regulation of production of molecular mediator of immune response	p < 1e-04
3/35 positive regulation of cell death	p < 0.001
2/12 positive regulation of epithelial cell proliferation	
9/228 intracellular signal transduction	
3/23 MAPK cascade	
2/10 hormone biosynthetic process
